#### INDEPENDENT AUDITOR'S REPORT

Louisiana Board of Examiners for Speech-Language Pathology and Audiology Department of Health and Hospitals State of Louisiana Baton Rouge, Louisiana

I have audited the accompanying financial statements of the Louisiana Board of Examiners for Speech-Language Pathology and Audiology, a component unit of the State of Louisiana, as of June 30, 2005, and for the two years ended June 30, 2005 and 2004, as listed in the table of contents. These financial statements are the responsibility of the Louisiana Board of Examiners for Speech-Language Pathology and Audiology management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Audit Standards*, issued by the Controller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

As discussed in Note A, the financial statements present only the Louisiana Board of Examiners for Speech-Language Pathology and Audiology, a component unit of the State of Louisiana and do not purport to, and do not, present fairly the financial position of the State of Louisiana of the Office of the Governor, as of June 30, 2005 and the changes in financial position and cash flows, for the year ended in conformity with accounting principles generally accepted in the United States of America.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Louisiana Board of Examiners for Speech-Language Pathology and Audiology a component unit of the State of Louisiana, as of June 30, 2005, and the changes in financial position and cash flows for the years ended June 30, 2005 and 2004, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Audit Standards*, I have also issued my report dated August 17, 2005, on my consideration of Louisiana Board of Examiners for Speech-Language Pathology and Audiology internal control over financial reporting and my test of its compliance with certain provision of laws, regulations, and contracts. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of my audit.

The Management's Discussion and Analysis and other required supplementary information as listed in the table of contents, respectively, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, I did not audit the information and express no opinion on it.

Independent Auditor's Report August 17, 2005 Page 2

My audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements of Louisiana Board of Examiners for Speech-Language Pathology and Audiology. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion, is fairly presented in all material respects in relation to the financial statements taken as a whole.

Report on Compliance and on Internal Control over Financial Reporting Based Upon An Audit of the Financial Statements Preformed in Accordance with Government Auditing Standards

Louisiana Board of Examiners for Speech-Language Pathology and Audiology Department of Health and Hospitals State of Louisiana Baton Rouge, Louisiana

I have audited the financial statement of the Louisiana Board of Examiners for Speech-Language Pathology and Audiology, a component unit of the State of Louisiana, as of June 30, 2005 and for the two years ended June 30, 2005 and 2004, and have issued my report thereon dated August 17, 2005. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Compliance

As part of obtaining reasonable assurance about whether Louisiana Board of Examiners for Speech-Language Pathology and Audiology, a component unit of the Department of Health and Hospitals, State of Louisiana, financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on the compliance with those provisions was not an objective on my audit and, accordingly, I do not express such an opinion. The results of my test disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

#### Internal Control Over Financial Reporting

In planning and performing my audit, I considered Louisiana Board of Examiners for Speech-Language Pathology and Audiology internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the basic financial statements and not to provide an opinion on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the specific internal control structure elements does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the basic financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses. However, I noted certain immaterial instances of noncompliance involving the internal control over financial reporting that I have reported to management of Louisiana Board of Examiners for Speech-Language Pathology and Audiology in a separate letter dated August 17, 2005.

This report is intended solely for the information of management and interested federal and state agencies and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts:

Management's Discussion and Analysis Financial Statements Supplementary Information

The Financial Statements also include notes that provide more detail of the information included in the financial statements.

**Basic Financial Statements** 

This annual report consists of fund financial statements. The Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Fund Net Assets, and Statement of Cash Flows provide information about the activities of the Board and the basic services it provides.

The <u>Statement of Net Assets</u> presents the current and long-term portions of assets and liabilities separately. The difference between total assets and total liabilities is net assets and may provide a useful indicator of whether the financial position of the is improving or deteriorating.

The <u>Statement of Revenues</u>, <u>Expenses</u>, and <u>Changes in Fund Net Assets</u> presents information showing assets changed as a result of current year operations. Regardless of when cash is affected, all changes in net assets are reported when the underlying transactions occur. As a result, there are transactions included that will not affect cash until future fiscal periods.

The <u>Cash Flow Statement</u> presents information showing how cash changed as a result of current year operations. The cash flow statement is prepared using the direct method and includes the reconciliation of operating income (loss) to net cash provided (used) by operating activities (indirect method) as required by GASB 34.

#### Notes to Financial Statements

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Introduction

The Louisiana Board of Examiners for Speech-Language Pathology and Audiology (the Board) is a component unit of the State of Louisiana Created within the Louisiana Department of Health and Hospitals, as provided by Louisiana Revised Statutes (LSA-R.S) 37:2650-2666. The Board is composed of six members appointed by the governor. Each board member serves without compensation for a three-year terms. The Board was established to safeguard the public health, safety and welfare to protect the public from incompetent, unscrupulous, and unauthorized persons, and from unprofessional conduct by speech-language pathologist, audiologist, and speech-language pathology assistants. The Board's operations are funded entirely through self-generated revenues.

#### Reporting Entity

Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification) established criteria for determining the governmental reporting entity and component units that should be included in the reporting entity. In conformance with GASB Codification Section 2100, this entity is a component unit of the State of Louisiana because the board is not legally separate and the state holds the board's corporate powers. The accompanying basic financial statements present only the transactions of the Louisiana Board of Examiners for Speech-Language Pathology and Audiology, a component unit of the State of Louisiana.

#### Basis of Presentation

The financial statements of the Board are prepared in accordance with accounting principles generally accepted in the United States of America. The Board's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements and applicable Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The Board may also apply all FASB pronouncements or interpretations issued after November 30, 1989, except for those that conflict with or contradict GASB pronouncements.

#### **Basis of Accounting**

The accompanying financial statement have been prepared in conformity with general accepted accounting principles (GAAP) generally accepted in the United States of America using the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred.

#### Use of Estimates

The preparation of financial statements inconformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of asses and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

#### Notes to Financial Statements

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Con't.

#### Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits that mature within 90 days after year end and other investments with original maturities of 90 days or less. Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or under the laws of the United States.

Under state law, the districts may invest in United States bonds, treasury notes, or certificates. These are classified as investments if their original maturities exceed 90 days. However, if the original maturities are 90 days or less, they are classified as cash equivalents.

#### Capital Assets

Capital assets purchased in excess of \$5,000 are recorded at historical cost and depreciated over their estimated useful lives(excluding salvage value). Estimated useful live is management's estimate of how long the asset is estimated to meet service demands. Straight line depreciation is used based on the following estimated useful lives:

Equipment

5 years

#### **Deferred Revenues**

Licenses are renewable on July 1 of each year. License renewals that are received before this renewal date are recorded as deferred revenues.

#### Prepaid Expenses

The Board establishes prepaid expenses for lease and insurance payments. Payments made for such items that will benefit periods beyond June 30, 2005, are recorded as prepaid expenses.

#### Revenues and Expenses

Revenues and expense are recorded on the accrual basis of accounting. Operating revenues and expenses include income and expenditures related to the continuing operation of the license Board. Principal operating revenues included license applications and renewals. Principal operating expenses are the costs of providing services and include administrative expenses. Other revenues and expenses are classified as non-operating in the financial statements. Licenses are renewed on July 1, of each year. Using the accrual method of accounting, the revenues for licenses are recorded in the Statement of Revenue, Expenses and Changes in Fund Net Assets as earned. Expenses are recorded as they are incurred.

#### Employee Compensated Absences

Employees earn and accumulate vacation and sick leave at varying rates, depending on their years of service. Each employee may accumulate an unlimited amount of vacation and sick leave. After an employee is terminated they are compensated for up to 300 hours of unused vacation at their current rate of pay. The cost of current leave privileges are recognized as a current-year expense. The cost of leave not requiring current resources is recorded as a long-term obligation.

#### **Encumbrances**

Encumbrance accounting is used to record purchase orders as they are incurred to reserve that portion of the application appropriation. This method of accounting is not employed.

#### Notes to Financial Statements

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Con't.

#### Statement of Cash Flows

This statement is prepared using the direct method. For purposes of this statement, this entity considers all highly liquid investments with a maturity of three months or less when purchased as a cash equivalent.

#### 2. DEPOSITS WITH FINANCIAL INSTITUTIONS

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposits and are secured by the Federal Deposit Insurance Corporation insurance. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must equal or exceed the amount on deposit. At year end, the deposit balance was secured from risk by federal deposit insurance (Category 1):

#### 5. DEFINED BENEFIT PENSION PLAN

The employees of the Board are members of Louisiana State Employees' Retirement System (LASERS), a multiple-employer defined benefit pension plan. LASERS is a component unit of the State of Louisiana included in the State's CAFR as a pension trust fund. LASERS was established and provided for within Title 11 Chapter 401 of the Louisiana Revised Statutes. LASERS is a statewide public retirement system

#### Notes to Financial Statements

#### 5. DEFINED BENEFIT PENSION PLAN (Con't)

for the benefit of state employees, which is administered by a separate board of trustees. LASERS issues a publicly available financial report that includes financial statements and required supplementary information for the defined benefit pension plan. This report can be obtained by writing to LASERS, 8401 United Plaza Blvd, PO Box 44213, Baton Rouge, LA 70809 or can be obtained from their web site www.lasers.state.la.us.

All state employees except certain classes of employees specifically excluded by Statute become members of LASERS as a condition of employment unless they elect to continue as a contributing member in any other retirement system for which they remain eligible for membership.

LASERS administers retirement, disability, death and survivor benefits to employees and beneficiaries of employees of this state employee retirement system. The age and years of creditable service required in order for a member to retire with full benefits are established by Statute and vary depending on the member's employer and job classification. The substance majority of member may retire with full benefits at ages ranging from any age upon completing thirty years of creditable service, to age sixty upon completing ten years of creditable service. Additionally, members may chose to retire with 20 years of service at any age, with an actuarially reduced benefit.

State law provides for fiscal year 2005, 2004, and 2003 contribute rates of 7.5% by employees and 17.8% 15.8% and 14.1% by employers for 2005, 2004, and 2003 respectively. Contribution requirement to the System are set by Statute and differ from the contribution requirement determined using actuarial methods. The contributions to the system for the years ended June 30, 2005, 2004, and 2003 were \$11,266; \$9,482; and \$6,777, respectively. The contributions equaled the required contributes set by Statute.

#### 6. OPERATING LEASES

Operating leases are for office space. Total payments for operating leases during the fiscal year ended June 30, 2005 and 2004 were \$12,153 for both years. The following is a summary of future annual operating lease payments as of June 30, 2005:

2006 \$ 10,128

#### 7. RESTATEMENT OF PRIOR PERIOD FUND NET ASSETS

An adjustment is being made to recognize license renewals received before June 30 of each year and record them in the year the licenses become effective. Licenses are renewed effective July 1 of the next fiscal year. License renewals were previously recognized in the year of collection. A deferred revenue is being established to recognize the revenues for license renewals in the fiscal year of their effective renewal date.

Statement D

Louisiana Board of Examiners for Speech-Language Pathology and Audiology (BTA) Notes to the Financial Statement

As of and for the year ended June 30, 2005\_\_\_\_

#### INTRODUCTION

The Louisiana Board of Examiners for Speech-Language Pathology and Audiology (BTA) was created by the Louisiana State Legislature under the provisions of Louisiana Revised Statute 37:1173. The following is a brief description of the operations of Louisiana Board of Examiners for Speech-Language Pathology and Audiology (BTA) which includes the parish/parishes in which the (BTA) is located:

#### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### BASIS OF ACCOUNTING

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles.

The accompanying financial statements of Louisiana Board of Examiners for Speech-Language Pathology and Audiology present information only as to the transactions of the programs of the Louisiana Board of Examiners for Speech-Language Pathology and Audiology as authorized by Louisiana statutes and administrative regulations.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the Louisiana Board of Examiners for Speech-Language Pathology and Audiology are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration – Office of Statewide Reporting and Accounting Policy as follows:

#### Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues are recognized in the accounting period in which they are earned and become measurable.

#### Expense Recognition

Expenses are recognized on the accrual basis; therefore, expenses, including salaries, are recognized in the period incurred, if measurable.

#### B. BUDGETARY ACCOUNTING

The appropriations made for the operations of the various programs of the Louisiana Board of Examiners for Speech-Language Pathology and Audiology (BTA) are annual lapsing appropriations.

- 1. The budgetary process is an annual appropriation valid for one year.
- 2. The agency is prohibited by statute from over expending the categories established in the budget.
- Budget revisions are granted by the Joint Legislative Budget Committee, a committee of the Louisiana Legislature. Interim emergency appropriations may be granted by the Interim Emergency Board.
- 4. The budgetary information included in the financial statements include the original appropriation plus subsequent amendments as follows:

- C. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS (If all agency cash and investments are deposited in the State Treasury, disregard Note C.)
  - 1. DEPOSITS WITH FINANCIAL INSTITUTIONS

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law the Louisiana Board of Examiners for Speech-Language Pathology and Audiology (BTA) may deposit funds within a fiscal agent bank selected and designated by the Interim Emergency Board. Further, the (BTA) may invest in time certificates of deposit in any bank domiciled or having a branch office in the state of Louisiana; savings accounts or shares of savings and loan associations and savings banks, and in share accounts and share certificate accounts of federally or state chartered credit unions.

For the purpose of the Statement of Cash Flows, all highly liquid investments (including restricted assets with a maturity of three months or less when purchased) are considered to be cash equivalents.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the State Treasurer.

Following GASB Statement 3, deposits were classified into three categories of custodial credit risk depending on whether they were insured or collateralized, and who held the collateral and how it was held. Category 1 – Deposits that are covered by insurance (FDIC) or collateralized with securities that are held by the entity in the entity's name or registered in the entity's name. (separate disclosure no longer required)

<u>Category 2</u> – Deposits that are not insured but are collateralized with securities that are held by the financial institution's trust department or agent and are in the entity's name. (separate disclosure no longer required)

<u>Category 3</u> – Deposits that are not covered by insurance and also are not collateralized. Not collateralized includes when the securities (collateral) are held by the financial institution's trust department or agent and they are not in the entity's name. (separate disclosure still required)

GASB Statement 40 amended GASB Statement 3 to eliminate the requirement to disclose all deposits by the 3 categories of risk listed above. GASB Statement 40 requires only the disclosure of deposits that are considered to be exposed to custodial credit risk. An entity's deposits are exposed to custodial credit risk if the deposit balances are either 1) uninsured and

# STATE OF LOUISIANA Louisiana Board of Examiners for Speech-Language Pathology and Audiology (BTA) Notes to the Financial Statement As of and for the year ended June 30, 2005 uncollateralized, 2) uninsured and collateralized with securities held by the pledging financial institution, or 3) uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the entity's name. The deposits at June 30, 2005, consisted of the following:

#### 2. INVESTMENTS

The Louisiana Board of Examiners for Speech-Language Pathology and Audiology (BTA) does (does not) maintain investment accounts as authorized by LAC 71:1.501.

#### **Custodial Credit Risk**

Investments can be exposed to custodial credit risk if the securities underlying the investment are uninsured and unregistered, not registered in the name of the entity, and are held either by the counterparty, or the counterparty's trust department or agent but not in the entity's name.

Louisiana Board of Examiners for Speech-Language Pathology and Audiology (BTA) Notes to the Financial Statement

As of and for the year ended June 30, 2005\_\_\_\_\_

GASB Statement 40 amended GASB Statement 3 to eliminate the requirement to disclose all investments by the 3 categories of risk. GASB Statement 40 requires only the separate disclosure of investments that are considered to be exposed to custodial credit risk. In addition, the total reported amount and fair value columns still must be reported for total investments regardless of exposure to custodial credit risk. Those investments exposed to custodial credit risk are reported by type in one of two separate columns depending upon whether they are held by a counterparty, or held by a counterparty's trust department or agent not in the entity's name.

#### D. CAPITAL ASSETS-INCLUDING CAPITAL LEASE ASSETS

The fixed assets used in the Special Purpose Government Engaged only in Business-Type Activities are included on the balance sheet of the entity and are capitalized at cost. Depreciation of all exhaustible fixed assets used by the entity are charged as an expense against operations. Accumulated depreciation is reported on the balance sheet. Depreciation for financial reporting purposes is computed by the straight-line method over the useful lives of the assets.

#### G. LEAVE

#### COMPENSATED ABSENCES

The Louisiana Board of Examiners for Speech-Language Pathology and Audiology (BTA) has the following policy on annual and sick leave:

Employees earn and accumulate annual and sick leave at various rates depending on their years of service. The amount of annual and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees or their heirs are compensated for up to 300 hours of unused annual leave at the employee's hourly rate of pay at the time of termination. Upon retirement, unused annual leave in excess of 300 hours plus unused sick leave is used to compute retirement benefits.

The cost of leave privileges, computed in accordance with GASB Codification Section C60, is recognized as a current year expenditure in the fund when leave is actually taken; it is recognized in the enterprise funds when the leave is earned. The cost of leave privileges applicable to general government operations not requiring current resources is recorded in long-term obligations.

#### 2. COMPENSATORY LEAVE

Employees who are considered having non-exempt status according to the guidelines contained in the Fair Labor Standards Act may be paid for compensatory leave earned (K-time). Upon termination or transfer, an employee will be paid for any time and one-half compensatory leave earned and may or may not be paid for any straight hour-for-hour compensatory leave earned. Compensation paid will be based on the employees' hourly rate of pay at termination or transfer. The liability for accrued payable compensatory leave at June 30, 2005 computed in accordance with the Codification of Governmental Accounting and Financial Reporting Standards, Section C60.105 is estimated to be \$89,443. The leave payable is recorded in the accompanying financial statements.

#### H. RETIREMENT SYSTEM

Substantially all of the employees of the (BTA) are members of the Louisiana State Employees Retirement System, a cost sharing multiple-employer, defined benefit pension plan. The System is a statewide public employee retirement system (PERS) for the benefit of state employees, which is administered and controlled by a separate board of trustees.

All full-time (BTA) employees are eligible to participate in the System. Benefits vest with 10 years of service. At retirement age, employees are entitled to annual benefits equal to \$300 plus 2.5% of their highest consecutive 36 months' average salary multiplied by their years of credited service.

## Louisiana Board of Examiners for Speech-Language Pathology and Audiology (BTA) Notes to the Financial Statement

As of and for the year ended June 30, 2005

Vested employees are entitled to a retirement benefit, payable monthly for life at (a) any age with 30 years of service, (b) age 55 with 25 years of service, or (c) age 60 with 10 years of service. In addition, vested employees have the option of reduced benefits at any age with 20 years of service. The System also provides death and disability benefits. Benefits are established or amended by state statute. The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana State Employees Retirement System, Post Office Box 44213, Baton Rouge, Louisiana 70804-4213, or by calling (225) 922-0608 or (800) 256-3000.

Members are required by state statute to contribute 7.5% of gross salary, and the (BTA) is required to contribute at an actuarially determined rate as required by R.S. 11:102. The contribution rate for the fiscal year ended June 30, 2005, was 17.9% of annual covered payroll from the 15.8% and 14.1% required in fiscal years ended June 30, 2004 and 2003, respectively. The (BTA) contributions to the System for the years ending June 30, 2005, 2004, and 2003, were \$11,266, \$9,482, and \$6,777, respectively, equal to the required contributions for each year.

#### POST RETIREMENT HEALTH CARE AND LIFE INSURANCE BENEFITS

GASB 12 requires the following disclosures about an employer's accounting for post retirement health care and life insurance benefits:

- 1. A description of the benefits provided and the employee group covered.
- 2. A description of the accounting and funding policies followed for those benefits.
- The cost of those benefits recognized for the period, unless the costs are not readily determinable.\*\*
- 4. The effect of significant matters affecting the comparability of the costs recognized for all periods presented.

\*\*If the cost of any post retirement health care or life insurance benefits cannot readily be separated from the cost of providing such benefits for active employees or otherwise be reasonably approximated, the total cost of providing those benefits to active employees and retirees, as well as the number of active employees and the number of retirees covered by the plan must be disclosed.

Substantially all (BTA) employees become eligible for post employment health care, dental and life insurance benefits if they reach normal retirement age while working for the (BTA). These benefits for retirees and similar benefits for active employees are provided through an insurance company whose premiums are paid jointly by the employee and the (BTA). For 2005, the cost of providing those benefits for the retirees totaled \$-0-.

The Louisiana Board of Examiners for Speech-Language Pathology and Audiology(BTA) provides certain continuing health care and life insurance benefits for its retired employees. Substantially all (BTA) employees become eligible for those benefits if they reach normal retirement age while working for the (BTA). Those benefits for retirees and similar benefits for active employees are provided through an insurance company whose monthly premiums are paid jointly by the employee and by the (BTA). The (BTA) recognizes the cost of providing these benefits ((BTA)'s portion of premiums) as an expenditure when paid during the year, which was \$-0- for the year ended June 30, 2005. The cost of providing those benefits for retirees is not separable from the cost of providing benefits for the active employees.

#### J. LEASES

#### 3. LESSOR DIRECT FINANCING LEASES

A lease is classified as a direct financing lease (1) when any one of the four capitalization criteria used to define a capital lease for the lessee is met and (2) when both the following criteria are satisfied:

- Collectibility of the minimum lease payments is reasonably predictable.
- No important uncertainties surround the amount of the unreimbursable costs yet to be incurred by the lessor under the lease.

# 4. LESSOR - OPERATING LEASE

When a lease agreement does not satisfy at least one of the four criteria (common to both lessee and lessor accounting), and both of the criteria for a lessor (collectibility and no uncertain reimbursable costs), the lease is classified as an operating lease. In an operating lease, there is no simulated sale and the lessor simply records rent revenues as they become measurable and available.

#### Q. COOPERATIVE ENDEAVORS N/A

LRS 33:9022 defines cooperative endeavors as any form of economic development assistance between

and among the state of Louisiana, its local governmental subdivisions, political corporations, public benefit corporations, the United States government or its agencies, or any public or private association, corporation, or individual. The term cooperative endeavor includes cooperative financing, cooperative development, or any form of cooperative economic development activity. The state of Louisiana has entered into cooperative endeavor agreements with certain entities aimed at developing the economy of the state.

Some cooperative endeavor contracts are not coded with a document type of "COP" on the Contract Financial Management Subsystem (CFMS), but are considered cooperative endeavors. Include these below with your cooperative endeavor contracts coded with a document type of "COP". Examples of contracts that are considered cooperative endeavors, but are not coded with a document type of "COP" include contracts that fall under delegated authority, Facility Planning and Control "CEA" contracts, certain federal government contracts, contracts that legislative auditors may have designated as such within your agency, work incumbent programs, etc. In prior years, this information was requested as supplemental documentation after the AFRs were submitted, usually in October or November.

The liability outstanding for fiscal year ending June 30, 2005, by funding source, is as follows:

Funding Source		Balance June 30, 2005
State General Fund	\$	
Self-generated revenue		
Statutorily dedicated revenue	_	
General obligation bonds		
Federal funds		
Interagency transfers	_	
Other funds/combination		

NOTE: Amounts in excess of contract limits cannot be used to reduce the outstanding contract balance at June 30, 2005. For example, if a contract specifies a percentage of usage for each month (25%) and usage exceeds that percentage (75%), you cannot claim actual usage that exceeds contract requirements (50%).

NOTE: In order to compute your ending balances by funding source, you should begin with your balances at June 30, 2004. These amounts will be increased by amounts for new contracts and amendments and decreased for payments as well as for liquidations.

#### X. SEGMENT INFORMATION N/A

Governments that report enterprise funds or that use enterprise fund accounting and reporting standards to report their activities are required to present segment information for those activities in the notes to the financial statements. For the purposes of this disclosure, a segment is an identifiable activity (or group of activities), reported as or within an enterprise fund or an other stand-alone entity that has one or more bonds or other debt instruments outstanding, with a revenue stream pledged in support of that debt. In addition, the activity's revenues, expenses, gains and losses, assets, and liabilities are required to be accounted for separately. This requirement for separate accounting applies if imposed by an external party, such as accounting and reporting requirements set forth in bond indentures. Disclosure requirements for each segment should be met by identifying the types of goods and services provided and by presenting condensed financial statements in the notes, including the elements in A through C below (GASB 34, paragraph 122, as modified by GASB 37, paragraph 17.)

To the Board of Directors
Louisiana Board of Examiners for Speech-Language
Pathology and Audiology
18550 Highland Road Suite
Baton Rouge, Louisiana 70809

I have audited the basic financial statements of Louisiana Board of Examiners for Speech-Language Pathology and Audiology as of and for the two years ended June 30, 2005, and have issued my report thereon dated August 17, 2005. I have conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

As a part of my examination, I have issued my report on the financial statements, dated August 17, 2005, and my report on internal control and compliance with laws, regulations, and contracts, dated August 17, 2005.

During the course of my examination, I became aware of the following matters which represent immaterial deviations of compliance or suggestions for improved internal controls.

### Finding 2005-1 Bank Account Signatures Card need to be Updated

Condition: A confirmation obtained from Hibernia (account numbers 882118517) and Hancock Bank (account number 012-8847-8) has indicated individuals that are no longer associated with the agency have authorized signature on the account.

Recommendation: Authorized signature card should be updated on this account. Other bank accounts and certificated of deposits should also be review to determine if the authorized signatures are current.

### Finding 2005-02

Criteria: Article 7:14 of the Louisiana Constitution prohibits the use of funds to be loaned, pledged, or donated.

Condition: While examining a time sheet for February 2004, I observed an additional unidentified 69 hours added to the regular working hours of one employee. These 69 hours equated to a cost of approximately \$2,000 to the Board. This time sheet was also not signed by the employee nor was it approved. An addition observation noted, on February 13, 2004 the Board, approved a one time raise of \$5,000 for the last six months of service to the Boards.

Cause: It appears from observations made, the additional 69 hours may have been a payment in advance of the raise approved by the Board on February 13,, or could have been either an advance on salary or a bonus issued to this employee before effective date of retirement on January 1, 2005. However, after June 30, 2004, this employee earned only \$117 for the remaining part of the year.

Effect: It is not clear, from the documentation available, what the intention was with regards to the additional hours observed on this time sheet. It is my recommendation that an opinion be obtained from the Attorney Generals office and have them determine if the nature of this transaction is in violation of the Louisiana Constitution.

Management Letter August 17, 2005 Page 2

### Finding 2005-03 Lack of Documentation regarding Travel Expenses

Condition: While testing a sample of disbursements, I observed a lack of documentation of travel and meal receipts. Most of these receipts with a lack of documentation were charges using credit cards.

Cause: I performed additional procedures regarding credit card charges and found other charges that were not properly documented. It was determinable that some of the charges were for board meetings; however, the receipts were not available to determine if the charges were under the guidelines of state regulations.

Recommendation: Receipts for meals and travel expenses should be obtained for each event with a description of the event on the receipt, its business purpose and who attended. These receipts should be in detail indicating the individual charges. Hotel bills that have meals charged to the room should also include the receipt from the restaurant.

# Finding 2005-04 Reconciling of Credit Card deposits to Actual Deposits

Condition: Renewals of licensee fees are being performed on line with the use of a credit card. Deposits are being made by the credit card company directly into the agencies bank account. Procedures are not in place to compare the renewals made on line to the actual deposit.

Recommendation: Procedures should be established reconciling the renewal of licenses made on line to the actual deposit. The information is already available to the agency but is not being reconciled.

The agency is in the process of responding to these findings.

I recommend management address the foregoing issues as an improvement to operations and the administration of public programs. I am available to further explain the suggestions or help implement the recommendations.

Sincerely,

Michael K. Glover
